A. Client will not modify the Third Party Items or the substance of the data contained therein.

B. Except as authorized by the applicable Third Party Licensor or as permitted under Part 2 herein, Client will not use any Third Party Item (or any data derived from it) in a computer service business or in network, time-sharing, multiple-CPU or multiple-user arrangements (including the Internet and Intranets), or link or interface them with any other equipment, software, data, network or communications system except in and as part of athenaOne®.

C. Client will not transmit the Third Party Items to other data processing systems or units that are "on-line" with Client's data processing unit, without the prior written consent of the applicable Third Party Licensor.

D. Client will not copy, reproduce, publish, translate, decipher, decompile, disassemble, reverse engineer, derive source code from, store in a retrieval system, sell, lease, assign, pledge, sublicense, convey, transfer, redistribute, transmit, grant other rights in or permit any unauthorized access or use of any Third Party Items in any form or by any media (electronic, mechanical, photocopy, recording or otherwise), on either a permanent or temporary basis to any third party.

E. Client will have no right to use the Third Party Items on behalf of any third party, on a service bureau basis, in any public computer-based information system or public electronic bulletin board or otherwise, or to license or sublicense the Third Party Items to others.

F. Client will not use any Third Party Item to create derivative works thereof or develop a product competitive therewith, or otherwise to compete with the providing Third Party Licensor.

G. Client acknowledges that the Third Party Items and all right, title and interest, including all intellectual property rights, in any aspect of them and all improvements, additions, modifications and derivative works prepared from or relating to them, are and will remain the exclusive property of the respective Third Party Licensors (or their respective suppliers), and Client will obtain no implied license rights to the Third Party Items. Any rights not expressly granted to Client herein will be retained by the Third Party Licensors (or their respective suppliers).

H. Client will not use the name of any Third Party Item or any Third Party Licensor, or any trademark owned by or licensed to such Third Party Licensor, except as authorized in writing. All notices of proprietary rights and copyright in the Third Party Items must appear on any and all permitted backup or archival copies thereof.

I. Client hereby covenants and agrees to indemnify, defend, and hold the Third Party Licensors and Athena, and their respective affiliates, and the officers, directors, managers, employees, successors, and assigns of any of the foregoing harmless from and against any liability, loss, injury or expense (including, but not limited to, reasonable attorneys' fees and court costs) imposed upon or incurred or suffered in connection with any claim based on Client's (1) infringement or misappropriation of any intellectual property rights; (2) failure to comply with its obligations hereunder; (3) violation of any applicable law (including, but not limited to, patient confidentiality or privacy laws) in regard to data communicated through any Third Party Item; or (4) coding decisions, or negligence.

J. Neither these Third Party Terms nor the rights hereunder may be assigned or otherwise transferred, voluntarily or by operation of law. Any purported assignment of the rights or delegation of the duties hereunder by Client will be void unless prior written consent is secured from the applicable Third Party Licensors.

K. Client acknowledges and agrees that the covenants and disclaimers made hereunder are made for the benefit of the Third Party Licensors and their suppliers, and shall survive the termination of these Third Party Terms and the Agreement. In the event of any breach by Client of the terms hereunder, in addition to other relief to which the applicable Third Party Licensor or its suppliers may be entitled, such Third Party Licensor or its suppliers shall be entitled to terminate Client's rights hereunder.

L. Client acknowledges that the processes, formulas and methodology used in producing the Third Party Items are valuable trade

secrets. Client shall hold in confidence and take reasonable measures, but not less than the measures taken by Client to safeguard its own confidential information, to safeguard and prohibit access to, and copying or disclosure of, any and all confidential information and materials provided hereunder, including, but not limited to, confidential information in or about the Third Party Items, any updates to any of them and any user manuals for them.

M. IN NO EVENT SHALL ATHENA OR A THIRD PARTY LICENSOR (OR ITS SUPPLIERS), OR THEIR RESPECTIVE OFFICERS, DIRECTORS, PARTNERS OR EMPLOYEES, BE LIABLE TO CLIENT OR ANY OTHER PARTY FOR ANY CONSEQUENTIAL, INDIRECT, INCIDENTAL, EXEMPLARY, PUNITIVE, RELIANCE OR SPECIAL DAMAGES, OR ANY LOSS OF USE, DATA OR, BUSINESS, PROFITS, ARISING OUT OF OR IN CONNECTION WITH (1) THE USE OR PERFORMANCE OF THE THIRD PARTY ITEM; (2) THE INTERRUPTION OF BUSINESS, DELAY OR INABILITY TO USE ANY THIRD PARTY ITEM, RELATED EQUIPMENT OR RELATED WEB SITE; (3) THE PROVISION OF OR FAILURE TO PROVIDE THE THIRD PARTY ITEM OR USE OF ANY SUBSTITUTE SERVICES; OR (4) LOST, DAMAGED, OR DESTROYED E-MAIL OR ELECTRONIC DATA CONTENT OR THE FAILURE TO DELIVER ANY E-MAIL OR ELECTRONIC DATA CONTENT; REGARDLESS OF THE FORM OF THE ACTION OR CLAIM AND REGARDLESS OF WHETHER THE ACTION OR CLAIM IS BASED ON ANY ALLEGED ACT OR OMISSION OF THE THIRD PARTY LICENSOR (OR ITS SUPPLIERS), INCLUDING BUT NOT LIMITED TO ANY ACTION BASED ON CONTRACT, TORT, NEGLIGENCE, BREACH OF WARRANTY, STRICT LIABILITY OR OTHERWISE, EVEN IF ATHENA OR A THIRD PARTY LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. N. Neither Athena nor any Third Party Licensor shall be liable for any delay, failure in performance or interruption of the Third Party Items resulting directly or indirectly from any cause beyond its reasonable control.

O. If Client does not use any Third Party Items in the performance of a U.S. Government contract, then this provision has no application to Client. If Client intends to use a Third Party Item in the performance of a U.S. Government contract, either as a contractor or subcontractor, Client shall include provisions in such contract to protect all ownership interests of Athena and/or Third Party Licensors in that Third Party Item and restrict use of that Third Party Item to the uses provided under this Agreement. 7. First DataBank does not warrant the accuracy of codes, prices or other data contained in the FDB Knowledge Bases. Information reflecting prices is not a quotation or offer to sell or purchase. The clinical information contained in the FDB Knowledge Bases is intended as a supplement to, and not a substitute for, the knowledge, expertise, skill and judgment of physicians, pharmacists, or other healthcare professionals in patient care. The absence of a warning for a given drug or drug combination should not be construed to indicate that the drug or drug combination is safe, appropriate or effective in any given patient.

8. EXCEPT AS EXPRESSLY SET FORTH IN THIS PART 2.B, NEITHER ATHENA NOR FIRST DATABANK MAKES ANY WARRANTY OR REPRESENTATION, EXPRESS OR IMPLIED, AND DISCLAIMS ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, WITH RESPECT TO THE FDB KNOWLEDGE BASES, THE ACCURACY OF THE DATA FROM WHICH THE FDB KNOWLEDGE BASES ARE COMPILED OR THE COMPATIBILITY OF THE FDB KNOWLEDGE BASES WITH CLIENT'S HARDWARE AND SYSTEMS.

C. MEDICOMP SYSTEMS, INC. (applicable to athenaClinicals and athenaOne for Hospitals and Health Systems)

Medicomp Systems, Inc., a Virginia corporation with offices at 14500 Avion Parkway, Suite 175, Chantilly, Virginia 20151 ("Medicomp"), has licensed certain software components, algorithms, databases, and periodic updates thereto (collectively, the "Medcin Products") to Athena for sublicense to its Clients. The following additional terms and conditions apply to all Athena sublicenses of the Medcin Products to Client:

1. The Medcin Products consist of:

Medcin Knowledge Engine
E&M Engine
Medcin clinical concepts
Unidirectional mappings from Medcin concepts to ICD-9-CM and CPT-4

2. Client will use the Medcin Products solely as a source of medical coding information in athenaOne and solely to support billing in Client offices.

3. Athena has the right, but not the obligation, to (a) create and maintain an audit trail of Client's use of the medical coding functions that use the Medcin Products (such functions and the Medcin Products, collectively, the "Medicomp Coding Functions"), including any changes made to any medical record after the associated documentation has been designated as complete and any overrides made of any code provided by the Medicomp Coding Functions, and (b) prevent submission of any claim if there is a discrepancy between any code selected and the documentation for that claim, or if any code selected would violate any law or the policies of any payer.

4. Medicomp does not warrant the accuracy of codes or other data contained in the Medcin Products. The clinical information contained in the Medcin Products is intended as a supplement to, and not a substitute for, the knowledge, expertise, skill, and judgment of physicians, pharmacists or other healthcare professionals in patient care.

5. The Medcin Products are a work in progress, are not complete, and will always contain errors due to the constant changes in the field of medicine as it evolves. The Medcin Products contain diagnostic and clinical alerting information to support processes for which the sole intent is to provide a list containing some relevant findings for the documentation and consideration of what the provider has already done. The Intelligent Prompting list, Alerts list or any other list provided by the Medcin Products or by applications using the Medcin Products should never be used for decision support as they contain tests, therapies and other items that, although relevant for some patients, would be harmful or even fatal for other patients. The findings prompted by the Intelligent Prompting and Alerts options are for purposes of documentation only and are not meant to suggest any procedures, medications or physical findings for the patient.

6. Client agrees that the sole and exclusive responsibility for any medical decisions or actions with respect to a patient's medical care and for determining the accuracy, completeness or appropriateness of any billing, clinical, coding, diagnostic, medical or other information provided by the Medcin Products resides solely with the health care provider. Neither Athena nor Medicomp assumes any responsibility for how such materials are used. The choice with regard to when and how to use the Medcin Products for patient medical records is the health care provider's responsibility, and the Medcin Products and any database are to be used at the health care provider's discretion. Client understands and agrees that the Medicomp Coding Functions provide possible coding options and do not "recommend," "suggest," or "advise" proper coding decisions and that the responsibility for the medical treatment, and any associated decisions regarding billing for medical services, rests with the health care provider and revolves around the health care provider's judgment and the health care provider's analysis of the patient's condition. In addition, Client agrees that the Intelligent Prompting and Alerts options are tools available to the health care provider for augmenting the documentation of the patient's electronic medical records, and are not intended in any way to eliminate, replace or substitute for, in whole or in part, the health care provider's judgment and analysis of the patient's condition.

7. NEITHER ATHENA NOR MEDICOMP MAKES ANY WARRANTY OR REPRESENTATION, EXPRESS OR IMPLIED: (A) WITH RESPECT TO THE MEDCIN PRODUCTS OTHER THAN THOSE IN THIS PART 2.C; OR (B) AS TO THE ACCURACY OF THE DATA FROM WHICH THE MEDCIN PRODUCTS ARE COMPILED; OR (C) AS TO THE COMPATIBILITY OF THE MEDCIN PRODUCTS WITH CLIENT'S HARDWARE AND SYSTEMS; AND, EACH SPECIFICALLY DISCLAIMS THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Notwithstanding the foregoing, Client may: (A) show information regarding a payer's formulary and benefit plan design, including patient lowest cost options, on/off tier, prior authorization, step therapy, coverage status, and co-pay information; and/or (B) deliver or have delivered to Prescriber End Users clinical alerts that are sourced from payers and/or are attributed to generally recognized and reputable sources providing clinical information to the prescriber, even if, in the event of either (A) or (B), such information influences the patient or prescriber's choice of pharmacy or other prescribing decisions. Any custom lists created and maintained by Prescriber End Users, including but not limited to: (i) an individual Prescriber End User's most often prescribed medication list; (ii) an individual Prescriber End User's most often used pharmacy list; and/or (iii) an individual Prescriber End User's most often used SIGs (i.e., instructions for the use of medications) would not be considered a violation of this Section.

Client shall have in place appropriate administrative, technical, and physical safeguards to protect the privacy and security of Private Information. Client shall reasonably safeguard Private Information from any intentional or unintentional use or disclosure that is in violation of Applicable Law, and limit incidental uses or disclosures made pursuant to otherwise permitted or required disclosures. "Private Information" means (i) Nonpublic Personal Financial Information and, as applicable, Nonpublic Personal Health Information, as defined by the Gramm-Leach-Bliley Act; or (ii) any data or information that: (1) relates to an individual, and (2) identifies or can reasonably be believed to form the basis for identifying an individual (such as, but not limited to, an individual's name, postal address, e-mail address, telephone number, date of birth, Social Security number, driver's license number, financial account number, or any other unique identifier), in each case, that is provided to Client by Surescripts pursuant to the Agreement. Private Information does not include PHI.

8. Client shall ensure that any and all patient consents and/or authorizations required by Applicable Law for use or access to the Surescripts Services have been obtained by Prescriber End Users and that its Prescriber End Users have certified to such. In particular, and without limiting the foregoing, Client shall require that each Prescriber End User shall obtain the consent of the patient prior to requesting medication history for such patient. Client shall require its Prescriber End Users to comply with any privacy and patient consent policies of Surescripts related to the delivery of PHI and Private Information. Upon written notice to Client, Surescripts may reasonably modify the foregoing guidelines to comply with Applicable Law. Client agrees to impose a requirement at least as restrictive as that contemplated herein on any Downstream Entities; provided however, that for any offshore Downstream Entity, a Satisfactory Background Check shall mean verification of an employee's (W) status on the Office of Inspector General exclusions list, (X) employment history, (Y) educational background, and (Z), if reasonably practicable, a criminal background check. Aggregator agrees that in the event that any Downstream Entity refuses or fails to perform such background checks as contemplated herein, Client shall not provide to such Downstream Entity any Private Information and/or PHI from Surescripts. Promptly upon written request, Client shall verify in writing its compliance with the foregoing requirements by providing Surescripts with a written affidavit signed by an executive officer of Client, certifying that Client has obtained Satisfactory Background Checks with respect to all Client Personnel with access to Private Information and/or PHI in accordance with these Third Party Terms. Downstream Entity means any agent or subcontractor, except for a Covered Entity (as defined under HIPAA_, that has access to Surescripts Data.

10. Client shall not make any use or disclosure of any data or information provided by Data Sources to Client by or through the Surescripts network except for the specific purposes outlined in the Surescript Services. Client shall not attempt to capture, open, examine, modify, add commercial or other messages to, repackage, distribute, license, sell or make any commercial use of any data or information provided by any Data Source to Client by or through the Surescripts network other than as specifically permitted herein. Client shall engage in no act or omissions which would interfere with, modify, or delay the transmission of any data or information provided by the Data Sources which is communicated through athenaOne.

11. CLIENT UNDERSTANDS AND AGREES THAT CERTAIN DISCLOSURES OF A PATIENT'S PRESCRIPTION HISTORY MAY NOT BE PERMITTED UNDER APPLICABLE LAWS AND THAT CLIENT SHALL BE SOLELY RESPONSIBLE FOR COMPLIANCE WITH SUCH LAWS (INCLUDING, BUT NOT LIMITED TO, OBTAINING CONSENT FROM

ATHENAHEALTH MASTER SERVICES AGREEMENT THIRD PARTY TERMS

PATIENTS TO ANY DISCLOSURE OF PRESCRIPTION HISTORY TO CLIENT THROUGH THE SURESCRIPTS SERVICES THAT WOULD OTHERWISE BE PROHIBITED) PRIOR TO RECEIPT OR USE OF SUCH HISTORY.

Athena and Surescripts have the right (but not the obligation) to (a) create and maintain an audit trail of Client's use of the Surescripts Services; (b) access, inspect, and audit records of Client relating to the use of Surescripts network, Surescripts data, and Participant data, in each case after reasonable notice; and (c) share Client data or information with other Participants, in each case in compliance with applicable law and solely to the extent necessary to fulfill the terms and conditions of the underlying license agreement between Athena and Surescripts. REGARDLESS OF ANY OTHER PROVISION OF THIS AGREEMENT TO THE CONTRARY, CLIENT HEREBY CONSENTS TO THE DISCLOSURE OF CLIENT'S E-PRESCRIBING DATA (INCLUDING, BUT NOT LIMITED TO, DATA RELATING TO EACH SPECIFIC PRESCRIPTION TRANSACTION) TO DATA SOURCES FOR THE PURPOSES OF MONITORING ADOPTION AND VALIDATING THE VALUE OF THE E-PRESCRIBING PROCESS TO PLAN SPONSORS.

13. Client and other Participants are solely responsible for (a) the content of any point-to-point messages sent using the Surescripts Services, as well as the encryption method and administration of those messages and (b) optional payload encryption for SCRIPT transactions, which Participants must determine between themselves.

14. Except to the extent arising from the gross negligence or willful misconduct of Surescripts, Client shall indemnify and save harmless Surescripts from and against any and all loss, damage, or expense (or claims of damage or liability) asserted against Surescripts by third parties and arising directly out of any breach of this Part 2.D by Client, any loss of connectivity to the Surescripts network due to acts or omissions of Client inconsistent with the terms and conditions of the Agreement or these Third Party Terms, or information provided to Surescripts by Client or Prescriber End Users, or arising out of the use of such information when furnished by Surescripts to Client, Prescriber End Users or to other third persons at Client's request, or to officers, employees and agents of Client.

15. Surescripts makes no representation or warranty regarding the availability through the Surescripts network of any particular Data Source or other Participant in the Surescripts network. At any time, Data Sources or other Participants in the Surescripts network may be added to or deleted from the Surescripts network, may elect not to receive prescriptions and other messages or may limit Client's access to their data; such changes may occur without prior notice to Client.

16. OTHER THAN AS EXPRESSLY PROVIDED IN THIS PART 2.D, NONE OF ATHENA, SURESCRIPTS OR THE DATA SOURCES MAKES ANY WARRANTY OR REPRESENTATION, EXPRESS OR IMPLIED, WITH RESPECT TO THE SURESCRIPTS SERVICES, THE AVAILABILITY THROUGH THE SURESCRIPTS NETWORK OF ANY PARTICULAR DATA SOURCE OR OTHER PARTICIPANT, OR THE ACCURACY OR COMPLETENESS OF THE DATA PROVIDED THROUGH THE SURESCRIPTS NETWORK, INCLUDING BUT NOT LIMITED TO PRESCRIPTION BENEFIT AND MEDICATION HISTORY INFORMATION, AND EACH SPECIFICALLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS, IMPLIED, OR STATUTORY INCLUDING, BUT NOT LIMITED TO, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR USE FOR A PARTICULAR PURPOSE.

17. Surescripts uses available technology to match patient identities in order to provide the Surescripts Services. Because patient information is maintained in multiple places, not all of which are accessible to Surescripts, and may not be kept in a standard fashion or be regularly updated, it is possible that false matches may occur or that there may be errors or omissions in the prescription drug benefit and/or medication history information provided pursuant to the Surescripts Services. Therefore, any treating physician or other health care provider or facility should, and Surescripts and each Data Source shall have no responsibility to, verify prescription drug benefit or medication history information, through means other than the Surescripts network, with each patient and/or the patient's representatives before such information is relied upon or utilized in diagnosing or treating the patient. Surescripts is not a health plan, health care provider or prescriber. Surescripts does not and cannot independently verify or review the information transmitted through the Surescripts network for accuracy or completeness.

18. Client releases and holds harmless Athena, Surescripts and any person or entity providing prescription benefit or medication history

information from any liability, cause of action, or claim related to the completeness or lack thereof of the prescription benefit or medication history information. In addition, Client and Client's Prescriber End Users shall confirm the accuracy of the prescription benefit and medication history information with his/her/its patient prior to providing any medical services based thereon. Client and its Prescriber End Users shall use his/her/it professional judgment in the provision of care.

19. The Surescripts network is not intended to serve as a replacement for: (i) a written prescription where not approved as such by the appropriate governmental authorities or where such written prescription is required for record keeping purposes; or (ii) applicable prescription documentation. Use of the Surescripts network is not a substitute for a health care provider's standard practice or professional judgment. Any decision with regard to the appropriateness of treatment, or the validity or reliability of information, is the sole responsibility of a patient's health care provider.

20. All disclaimers set forth in this Part 2.D shall survive termination or expiration of the Agreement.

"State Licensed Bed" means State licensed capacity for a hospital/an available bed which is resourced for patient care, that is located at a practice, hospital, or health system utilizing athenaOne for Hospitals & Health Systems.

i. National Cancer Institute Physician Data Query (PDQ®). Some material in the PDQ® is from copyrighted publications of the respective copyright claimants. Users of PDQ are referred to the publication data appearing in the bibliographic citations, as well as to the copyright notices appearing in the original publication, all of which are hereby incorporated by reference. Because use of the PDQ data for insurance reimbursement decisions is contrary to the nature of the database, which is designed as a research tool and not to reflect all possible treatment options, Client agrees to not use it for reimbursement decision purposes.

ii. Carner Multum Drug Reference. The Multum Information Services, Inc. SDK patient education drug information service is included in the Healthwise content. Client will maintain all required Multum End-User Agreements included in the Healthwise content. once each user session; or (c) providing each eligible user a link to the Multum End-User License Agreement language. The link shall appear on each screen when the Multum content can be viewed by the user, and shall read: "Your use of the content provided in this service indicates that you have read, understood and agree to the End-User License Agreement, which can be accessed by clicking on this link."

8. Patient Instructions Terms and Conditions

a. As an additional restriction for Patient Instructions, the sublicense grant is further defined to grant to Client a non-exclusive, nontransferable limited license to the Patient Instructions solely for the purpose of allowing Healthcare Professionals of Client to access the Patient Instructions for distribution of the health information contained in the Patient Instructions to End Users.

b. The license grant does not permit Client or Healthcare Professionals to alter or delete the copyright statements or disclaimers, warning notices, license restrictions and limitations of liability provisions printed on the Patient Instructions.

c. Client will ensure that each Patient Instructions dispensed by Client, and/or a Healthcare Professional include the following disclaimer, notation and attribution of ownership in a font size readable by the end user and in close proximity to the Patient Instruction content: "© [insert current year] Healthwise, Incorporated. Care instructions adapted under license by [your organization]. This care instruction is for use with your licensed Healthcare Professional. If you have questions about a medical condition or this instruction, always ask your Healthcare Professional. Healthwise disclaims any warranty or liability for your use of this information."

The Microsoft Products are protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. Client's possession, access, or use of the Microsoft Products does not transfer any ownership of the Microsoft Products or any intellectual property rights to Client.

3. **USE OF CLIENT SOFTWARE.** Client may use the Client Software installed on Client's Devices only in accordance with Client's agreement with Athena and the terms under this document, and only in connection with the athenaOne Services, provided to Client by Athena. Client may not make any copies of the Microsoft Products; provided, however, that Client may (a) make one copy of Client Software on Client's Device as expressly authorized by Athena; and (b) Client may make copies of certain Redistribution Software in accordance with Paragraph 4 (Use of Redistribution Software). Client must erase or destroy all such Client Software and/or Redistribution Software upon termination or cancellation of Client's agreement with Athena, upon notice from Athena or upon transfer of Client's Device to another person or entity, whichever occurs first. Client may not copy any printed materials accompanying the Microsoft Products.

6. LIMITATIONS ON REVERSE ENGINEERING, DECOMPILATION AND DISASSEMBLY. Client may not reverse engineer, decompile, or disassemble the Microsoft Products, except and only to the extent that applicable law, notwithstanding this limitation, expressly permits such activity.

7. NO RENTAL. Client may not rent, lease, lend, pledge, or directly or indirectly transfer or distribute the Microsoft Products to any third party, and may not permit any third party to have access to and/or use the functionality of the Microsoft Products except for the sole purpose of accessing the functionality of the Microsoft Products in the form of athenaOne Services in accordance with the terms of this agreement and any agreement between Client and Athena.

8. TERMINATION. Without prejudice to any other rights, Athena may terminate Client's rights to use the Microsoft Products if Client fails to comply with these terms and conditions. In the event of termination or cancellation of Client's agreement with Athena or Athena's agreement with Microsoft under which the Microsoft Products are licensed, Client must stop using and/or accessing the Microsoft Products, and destroy all copies of the Microsoft Products and all of their component parts within thirty (30) days of the termination of Client's agreement with Athena.

9. NO WARRANTIES, LIABILITIES OR REMEDIES BY MICROSOFT. Microsoft disclaims, to the extent permitted by applicable law, all warranties and liability for damages by Microsoft or its suppliers for any damages and remedies whether direct, indirect or consequential, arising from the athenaOne Services. 12. EXPORT RESTRICTIONS. The Microsoft Products are subject to U.S. export jurisdiction. Athena must comply with all applicable laws including the U.S. Export Administration Regulations, the International Traffic in Arms Regulations, as well as end-user, end-use and destination restrictions issued by U.S. and other governments. All information that IMO collects through or in connection with the IMO Service is subject to the IMO Privacy Policy located here: <https://www.e-imo.com/privacy-policy> (the "Privacy Policy"). END USER agrees that IMO and third parties acting under the direction of IMO may use such information to (i) train, tune, enhance, develop and improve the IMO Service and develop updates thereto; (ii) verify compliance with this Part 2.H; and (iii) as otherwise required to support the IMO Service and perform its obligations under this Part 2.H. IMO may disclose aggregated information, only in a form that does

not identify Software Vendor or END USER, or any patients thereof, to third parties. Notwithstanding the foregoing, IMO shall not be permitted to disclose Software Vendor's or END USER'S information on a standalone basis or in any manner that on its own or in combination with another data set could reasonably identify Software Vendor or END USER or any patients thereof. To the extent any information is compiled or used by IMO in or with any such software, products or IMO Services, all intellectual property rights in such software, products and IMO Services shall be owned by IMO.

12. Third Party Beneficiary. END-USER agrees that IMO shall be, and is hereby, named as an express third-party beneficiary of this Part 2.H for the purpose of enforcing at law and at equity all rights under this Part 2.H against END-USER, the covenants of END-USER and the warranty disclaimers and limitations of liability set forth in this Part 2.H whether or not such provisions make specific reference to IMO or the IMO Service.

13. Term and Termination. The term of this Part 2.H begins upon installation of the Software and/or IMO Service and continues for the term specified in END-USER's Software license agreement. This Part 2.H may be terminated by IMO or athenahealth, Inc at any time if athenahealth Inc.'s relationship with IMO terminates. IMO or athenahealth, Inc. may suspend END USER's access to the IMO Service in the event END USER breaches any provision of this Part 2.H and such breach is not cured within thirty (30) days after receipt of written notification of such breach; provided that such suspension shall become effective (i) immediately in the event such breach is unable to be cured within any cure period, and (ii) upon the date thirty (30) calendar days after written notification of any such breach able to be cured if the breaching Party fails to cure such breach within the 30-day time period. If this Part 2.H is terminated for any reason, END-USER agrees to immediately return or destroy all copies of the IMO Service maintained outside of the Software and all accompanying items and certify the return or destruction thereof.

5. Client shall be responsible for any improper or unauthorized use or disclosure of any Content, Deliverable or Derivative Works by any such third party.

9. Sole Remedy. In the event of Premier's breach of the warranty contained in Section M.8 above, Client's sole and exclusive remedy shall be for Premier to correct the problem that caused the breach as promptly as reasonably possible. 10. Non-Premier Data. Certain applications on the PAMA Solution may allow Client to view data of other healthcare organizations, and certain Content and Deliverables may be based on, may be derived from or may otherwise contain data or information provided by Client or third parties, including other healthcare organizations (collectively, "Non-Premier Data"). Client agrees that (i) Premier is not the original source of Non-Premier Data, (ii) Premier has no control over the truth, accuracy or completeness of Non-Premier Data, (iii) Premier shall not be liable to Client for any inaccuracies of any Non-Premier Data, and (iv) Client is solely responsible for deciding how to use Non-Premier Data and for the consequences of such use. 11. Indemnification by Premier. If a third-party (who is not an affiliate of Client) claims that Client's use of the PAMA Solution infringes or misappropriates any registered United States trademark, patent or copyright or a trade secret held by such third party, Client must promptly notify Premier in writing of such claim. If so notified, Premier will, at its reasonable cost, defend Client against such claim if Client reasonably cooperates, at

ATHENAHEALTH MASTER SERVICES AGREEMENT THIRD PARTY TERMS

Premier's expense, with Premier and allows Premier to control the defense and all related settlement, and then Premier will indemnify Client from and against any damages finally awarded for such infringement. If an injunction is sought or obtained against Client's use of the PAMA Solution as a result of such third-party infringement claim, Premier shall, at its sole option and expense, (i) procure for Client the right to continue using the infringing portion of the PAMA Solution, (ii) replace or modify the infringing portion of the Solution with equivalent functionality so that it does not infringe, or (iii) terminate Client's use of the PAMA Solution, in which case Premier will provide Athena a pro rata refund of pre-paid fees for the then-current term based on the time period during which Client will be prohibited from using the PAMA Solution as a result of such third-party infringement claim. However, Premier shall have no liability for any third-party claim of infringement if the claim resulted from or is otherwise caused by, in whole or in part, (A) Client's failure to comply with any term or condition under these Third Party Terms, (B) Client's acts or omissions, (C) Client's modification of the PAMA Solution or any part thereof without Premier's prior written consent where such modification is the cause of such infringement, or (D) Client's combination of the PAMA Solution or any part thereof with any hardware or software of Client or a third party where such combination is the cause of such infringement. This M.11 constitutes the entire liability of Premier, and Client's sole and exclusive remedy with respect to, any third-party claims of infringement.
